Re: SB 81 R1 Tri-County Juvenile Rehabilitation Facility

Ms Howard;

As you may recall, Colusa County was permitted by Senate Bill 365 to redirect their SB 81 conditional award to Yuba County to construct a regional juvenile hall. Colusa County's award was approved in the amount of \$5,655,740 with a 5% cash match of \$297,671. During the preparation of the Yuba County submission of documents to the Public Works Board to reach project establishment for the Tri-County Juvenile Rehabilitation Facility project, we discovered an error. Yuba County discovered that in our prepared application for Round One of our two-phase project we made an error of not checking the box on the application making clear our request as a small county to apply for the original reduction to the 5% match. The Board approved our application at the 25% match level.

The RFP guidelines for SB 81 allowed small counties to request a reduction in their match to a minimum of 5% cash match and nothing for in-kind match. The Tri-County team would like to formally request the Board of State and Community Corrections permit us to amend the application to reduce the original match amount to 5%.

If approved, this doesn't change the overall project scope in any way. Nor does it change the total cost of the project at all. There will not be an increase in state dollar awards or changes to the allowable state dollar reimbursements, and would be based on the cash match minimums established in the SB 81 construction program processes. Yuba County has committed a project match of \$2.5 mil. The BSCC approval of this 5% match amount is requested.

Thank you for considering our request.

Sincerely,

Douglas W. McCoy
Director, Yuba County Administrative Services
